Ultrasonic Diffuser
7 Color LED Lights

HOW TO USE:

- 1- Remove cover to expose the water tank.
- 2- Fill the water tank with water up to the 'MAX' mark.
- 3- Add 7-10 drops of essential oil into the water.
- 4- Put cover back on.
- 5- Connect the machine to a power source with the adapter provided.

MIST SETTING BUTTON:

- 1- Press the MIST button once for 30 second intervals (30 seconds on and 30 seconds off) run-time. A green light will indicate this mode is on.
- 2- Press the button again to select continuous mist. A red light will indicate this mode is on.
- 3- Or press again to select 3 hour continuous run-time with set yellow light.
- 4- The unit will automatically shut off once the water tank is empty.

LED LIGHT SETTING BUTTON:

- 1- Press the LIGHT button to change the light's intensity from bright to dim, and viceversa.
- 2- Keep pressing the button to select the LED light mode: multi-colored changing mode, one fixed color mode, or turn the light off.

CARE:

- Always unplug unit from power source before cleaning.
- Clean the unit every 3-5 days.
- Remove both covers and empty water tank to clean the interior.
- Wipe water tank interior with a soft cloth.
- Use a cotton swab to clean the sensor inside water tank.
- Clean the exterior with a soft cloth.
- Cover unit when it is not in use to prevent dust from going into the mist vent.
- This is not a toy, children may not use this diffuser without adult supervision.

IMPORTANT:

Use Aromar fragrance oils. DO NOT USE oils that have been mixed with vegetable oils, coconut, jojoba, or others. DO NOT USE extremely thick essential oils which are actually resins. Misuse may clog or harm the diffuser. Please always follow care instructions.

NOTICE:

The unit must sit on a flat surface in order to operate properly and avoid spillage. Do not tilt unit if water tank has liquid inside.
